## Message from Director General

**Dr. Deepak Jain**  
Director General – FII

The 21st century is the era of India, Indian Industry and Indian economy in the global sphere. The Indian leadership is committed towards taking the Country to newer heights. From “Ease of doing Business” towards the “Happiness of doing Business,” from “Make in India” to “Make for the World,” and making of Atmanirbhar Bharat, all have become an attraction for the global community and investors. The Indian diaspora across the globe is working in close coordination to make that dream a reality. We have been able to effectively sustain economic warfare and address global tactics with an all inclusive approach. The technological and structural advancements in the Country are promoting the start-ups and making them successful at global level in sectors like pharmaceuticals, consumer goods, telecommunications, automotive, infrastructure, and energy. We are concerned with the issues like environment pollution, health and well-being of all, education, livelihood, food and safe water, equal employment opportunities for all. The digital transformation, data protection, green energy, innovation and disruption technology will shape the future. Federation of Indian Industry is “Creating Opportunities and Building Nation” through networking the industries, providing platform to the industry experts, representatives and policy influencers. We provide opportunity through newsletter, online media and discussion fora to share viewpoints with everyone in the chain. Our presence can be felt through chapters and coordinators in nearly 42 countries of the world and 22 states in the country itself. India is committed to regain the position of Vishva Guru in the times to come.

## Homeopathy Dispensary

Federation of Indian Industry under its CSR initiatives established a homeopathy dispensary before corona period. The dispensary oversees 20 patients every day. It has been a big relief to the people in nearby villages who could get affordable and reliable health care in the village during the critical period of corona.

## Tailoring Training Center

FII has been proactively working to promote women empowerment especially in the rural belt. The organization established a tailoring training centre in the Kasan village, Manesar, to train women of all ages and backgrounds. It is an initiative to empower women and make them financially independent. Currently 20+ women are enrolled in the center which has motivated other women in nearby villages to follow the lead.

## Computer Training Center

FII has under the leadership of Director - General, Dr. Deepak Jain, established a computer training center in the Village Kasan. FII's vision is to help build future of India on Skill and Idea based economy. The course is instructed by an empowered female teacher from the village and currently 15 youth are enrolled in the course.

## Dental Clinic (Kasan, Gurugram)

## Beautician Training Center

FII is proposing a Beautician training center in the Village Kasan to further empower women and make them truly Amtanirbhar.

## Traffic Awareness Camp

Under the initiative to promote awareness about road safety, FII is currently working to propose camps in Delhi/NCR. The camps shall be conducted by experts throughout the region.

## Women Driving Training School

Women Driving Training School is another proposed initiative by FII to make women independent.

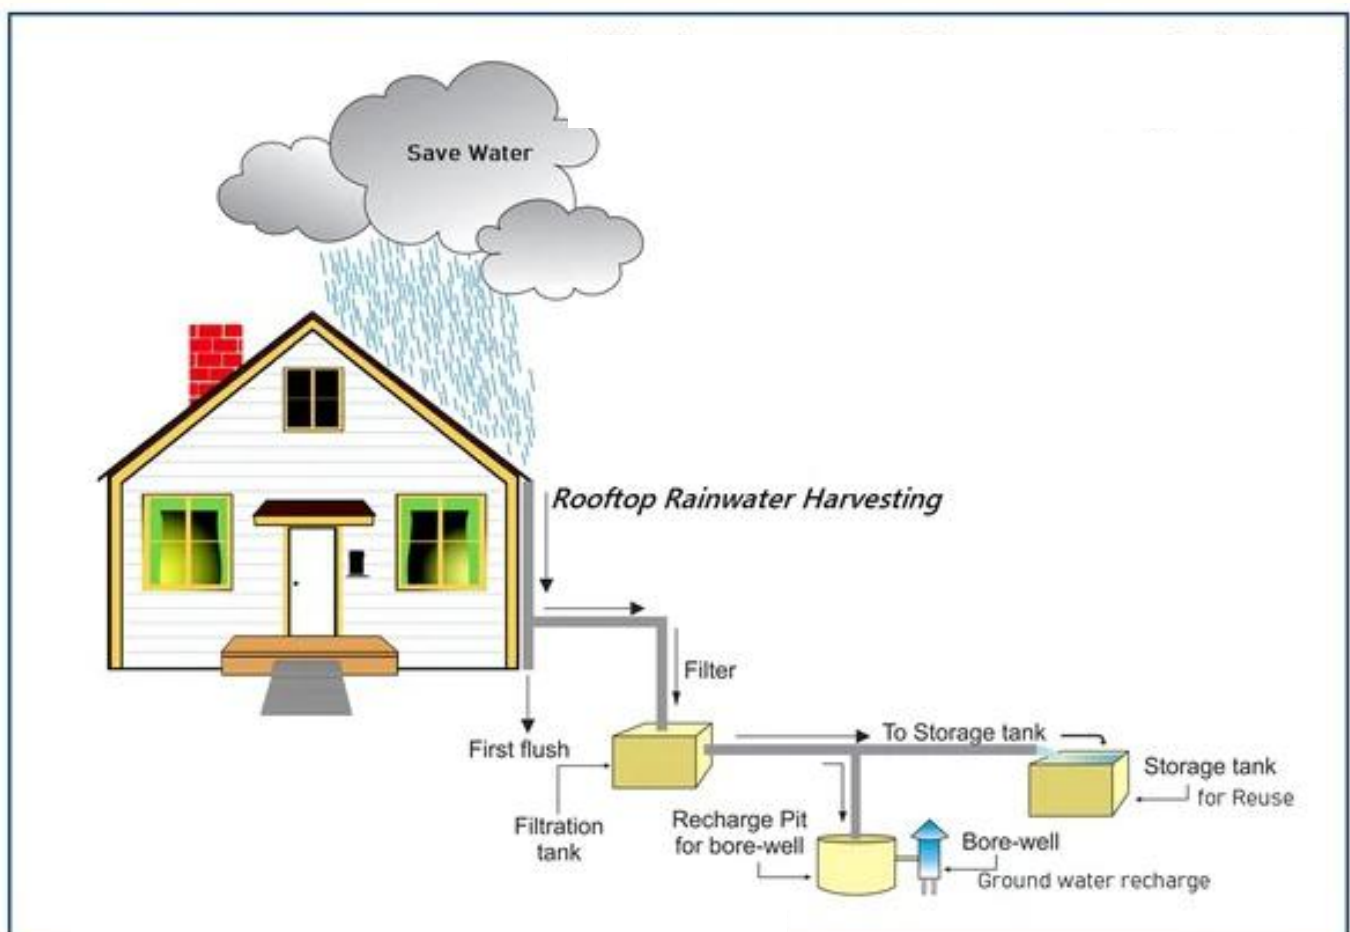

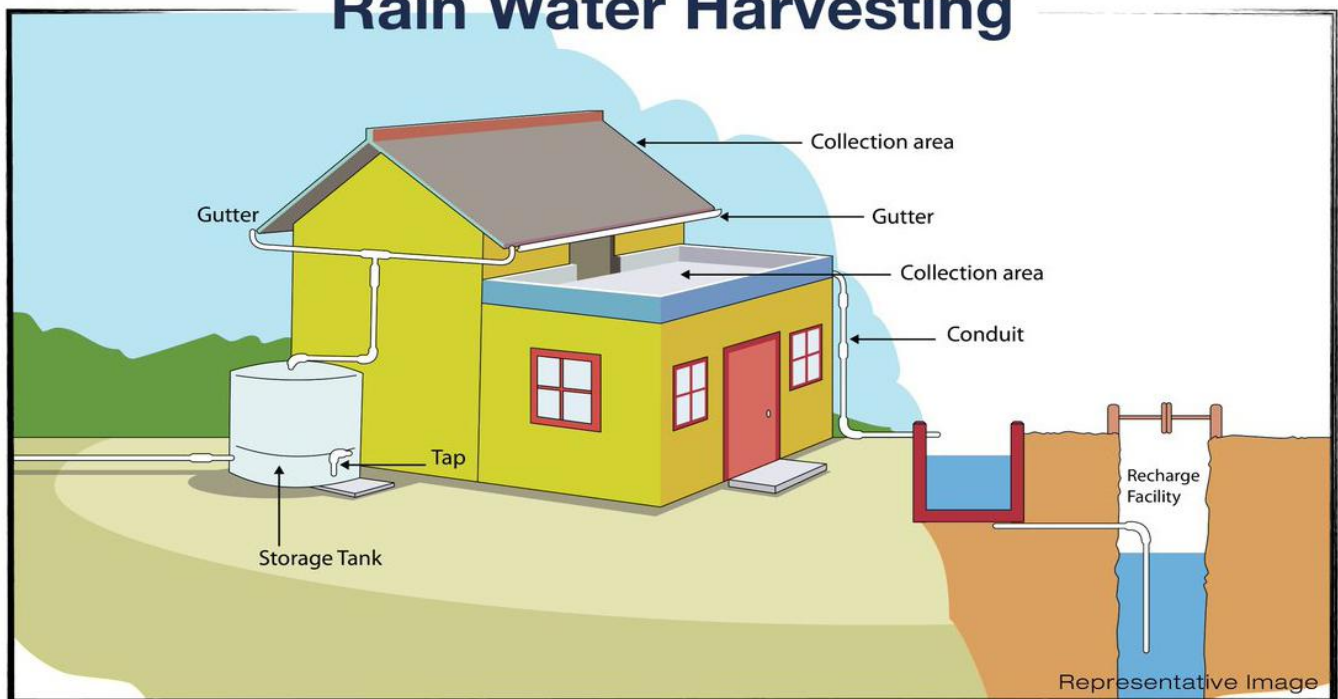

## Thaila Bank/Cloth Bag (Unplastic India)

Plastic causes environmental hazards and many other disposal problems. FII has proposed Thaila Bank under Unplastic India to promote use of cloth bags, promote indigenous textile and jute industry.

## Rain Water Harvesting

FII is proposing revival of rainwater harvesting wells to address the issue of depleting groundwater tables in Gurugram. Gurugram is now in the Black Zone.

To  
Sh. Deepak Jain,  
Director General  
Federation of Indian Industries  
C-201, AWHO, Sohna Road  
Sector 49- Gurgaon- 122018  
Haryana.

Reg. Thanks for the exemplary lifesaving help accorded by your Team during the most trying period of Covid-19.

Dear Sir,

We are situated in Sector 11 on Khandsa Road running a 80- Bedded Multi-specialty hospital established in 2001. As you are aware we all had to face the most trying times in living memory during the recent pandemic. On the 28<sup>th</sup> of April 2021 at an unearthly hour of 4.55 AM in the morning, I woke up your Team member Mr. J. P. Singh Sahni who is a noted social worker also with a panic call to request for his help to arrange medical oxygen for our 80 bedded Hospital as we had supplies to last for only another one hour.

Mr. J. P. Singh took my call calmly and told me not to panic and assured me that he will try to help me as soon as possible to make the supplies available.

As the Magistrates concerned were also not available we couldn't figure out how to respond as otherwise it would be sordid state of 80 casualties in the next one hour as all admitted patients were being administered oxygen.

Later on we came to know Mr. J. P. Singh woke the Deputy Commissioner Gurgaon Mr. Yash Garg, IAS at 5.10 AM and apprised him about the emergency. The DC immediately deputed his subordinates to tackle the situation at that hour.

- By 11 AM the DC had constituted a Team under his supervision with All India Fire & Disaster Management Council and FII Team comprising of Mr. J. P. Singh & Mr. Deepak Maini as Co-Conveners alongwith City Magistrate Mr. Siddarth Dahiya, to provide their round the clock assistance and support wherever it was needed in the District of Gurgaon.
- We are thankful to you and your Team as we were told that Mr. Singh brought this to your notice and you formed a combined Team of AIFDMC, FII and District Administration Gurgaon led by DC Sh. Yash Garg IAS to provide emergency assistance along with Distt. Red Cross wherever needed during those most trying days.

In the end sincere thanks from Kathuria Hospital to Mr. Yash Garg IAS, Mr. Siddarth Dahiya HCS of Gurgaon administration as Responsible Public Servants and Mr. J P Singh Sahni, Mr. Deepak Maini and your goodself as Responsible Social workers for saving the lives of 80 admitted patients during the hour of crisis.

Thanking you

Yours truly

Dr. Ashok Kathuria
