Message from President

Dr. Deepak Jain
President – FII

21st century marks the rise of India—our industry, economy, and innovation on the global stage. India's leadership is committed to taking the nation to newer heights. From "Ease of Doing Business" to the "Happiness of Doing Business," from "Make in India" to "Make for the World," and the mission of Atmanirbhar Bharat, our transformation has become a beacon for the global community and investors. The Indian diaspora across the globe is working in

close coordination to turn this collective vision into a reality. Despite global economic challenges, India has sustained its momentum with resilience, inclusivity, and purpose. The technological and structural advancements in the country are empowering start-ups and making them globally competitive in sectors like pharmaceuticals, consumer goods, telecommunications, automotive, infrastructure, and energy. At the Federation of Indian Industry (FII), we recognize that true progress lies in inclusive growth. Through our CSR initiatives, we are actively contributing to critical areas such as sports, village ponds, rainwater harvesting wells, school adoption, health, women empowerment, eye clinics, dental clinics, women skill development, computer training centres, vaccination camps, and testing laboratories. These segments reflect our deep commitment to social well-being, sustainable development, and creating equitable opportunities for all. FII continues to foster collaboration by connecting industries, experts, and policymakers through newsletters, digital platforms, and global dialogue. With our strong presence across 22 states in India and 62 countries worldwide, we remain focused on "Creating Opportunities and Building Nation." India is on its path to regaining the position of Vishva Guru, and through our collective efforts, we are proud to be shaping that journey.

LET'S JOIN HANDS.

50,000+ COVID Vaccinations

COVID Booster Doses

Over 1000+ Free Cataract Operations done.

Free spectacles distributed

Homeopathy Dispensary

Federation of Indian Industry under its CSR initiatives established a homeopathy dispensary before corona period. The dispensary treated 20 patients every day. It has been a big relief to the people in nearby villages who could get affordable and reliable health care in the village during the critical period of corona.

Dental Clinic (Kasan, Gurugram)

Computer Training Center

FII has established a computer training center in the Village Kasan. FII's vision is to help build future of India on Skill and Idea based economy. The course is instructed by an empowered female teacher from the village and currently 15 youth are enrolled in the course.

Tailoring Training Center

FII has been proactively working to promote women empowerment especially in the rural belt. the organization established a tailoring training centre in the kasan village, manesar, to train women of all ages and backgrounds. it is an initiative to empower women and make them financially independent. currently 20+ women are enrolled in the center which has motivated other women in nearby villages to follow the lead.

Self Defence Training

FII has helped in setting up of Martial Arts training centres in Distt Nuh.

FII has helped in setting up of Archery training center in the Nuh District.

FII has helped in setting up of Karate training center in the Nuh District.

FII Sports Academy Nakhdaula

Women Skill development

Women Empowerment

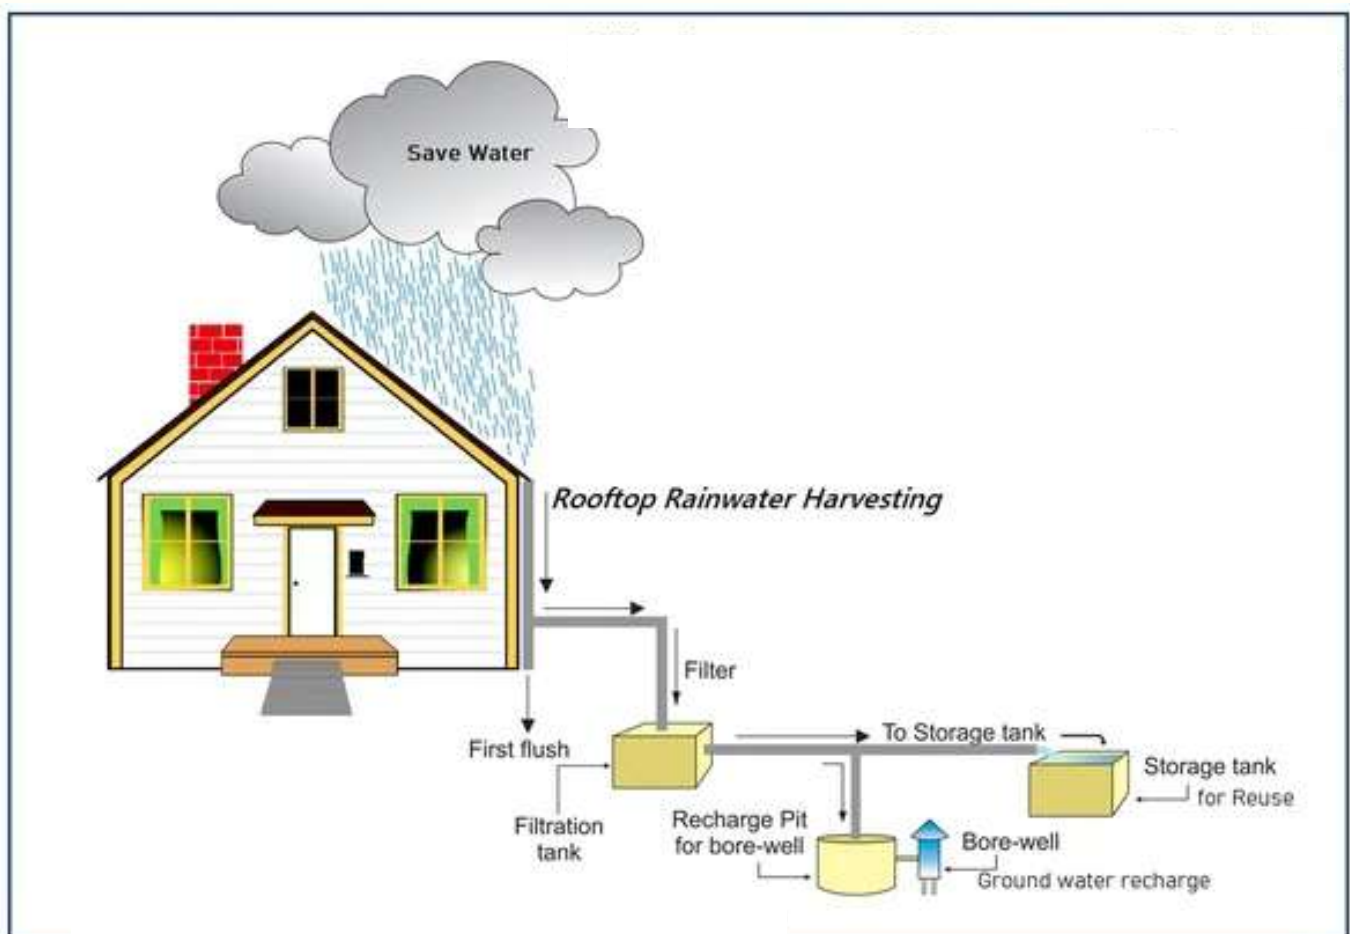

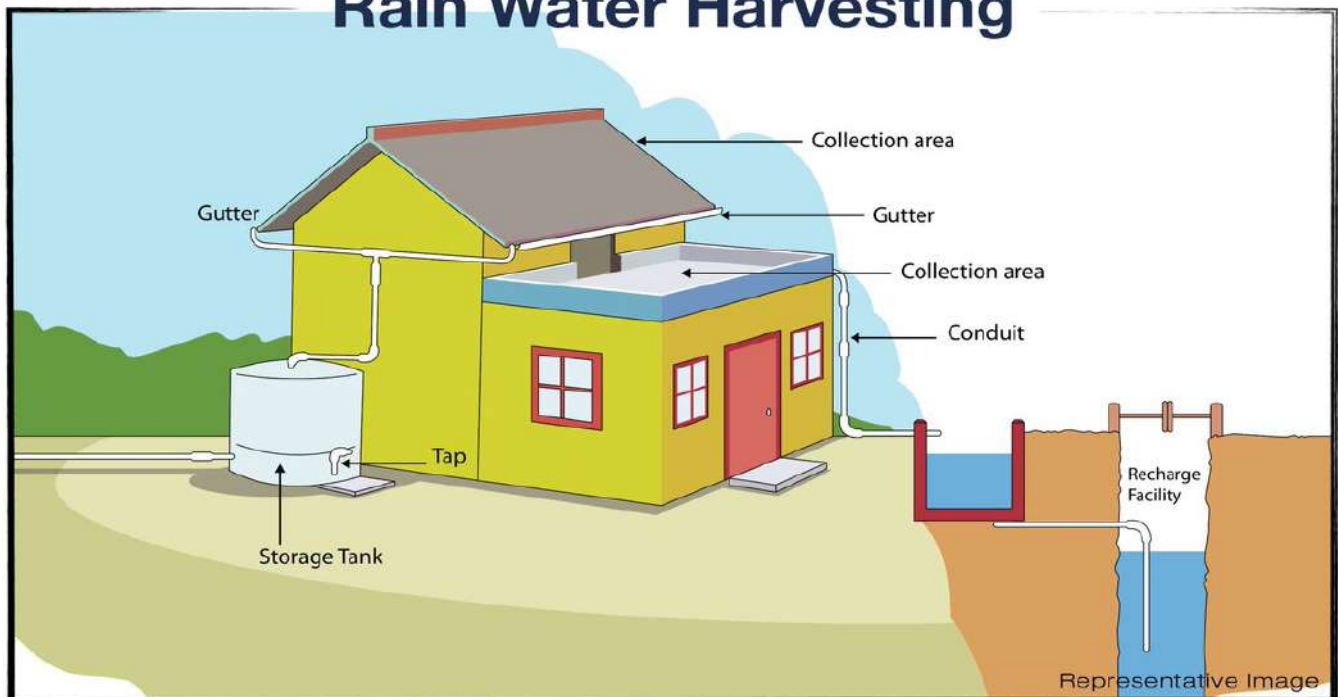

Plastic causes environmental hazards and many other disposal problems. FII has set up Thaila Bank under Unplastic India to promote use of cloth bags, promote indigenous textile and jute industry.

Empowering Women through Skilling (Assisting Women in Livelihood through Self-Employment in Tailoring.)

Rain Water Harvesting

FII is engaged in revival of rainwater harvesting wells to address the issue of depleting groundwater tables in Gurugram. Gurugram is now in the Dark Zone.

Rain Water Harvesting and village Ponds

FII is engaged in revival of rainwater harvesting wells to address the issue of depleting groundwater tables in Gurugram. Gurugram is now in the Dark Zone. We are also reviving the village ponds.

Education & Children Education

FII is engaged in supporting rural education.
