

FII THAILAND DELEGATION 2026

Dr. Deepak Jain
President – FII

Indian Dream Global Action

FII PRESIDENT'S MESSAGE

Dr. Deepak Jain
President-FII

BRIDGING AMBITION AND OPPORTUNITY

Dear Friends,

It is a privilege to lead this high-powered delegation from the Federation of Indian Industry (FII) to Thailand. Our mission, "Beyond Borders: Gateway to Growth," marks a significant milestone in Indo-Thai economic relations. As we navigate the global landscape of 2026, we aim to transform our geographical proximity into a strategic, high-value economic corridor. This delegation represents 20 industry leaders across four pillars of modern trade: Pharmaceuticals, Real Estate, Jewelry, and Plastic Industry. Our purpose is to forge partnerships that capitalize on the unique "Double Engine" growth of our regions. In Pharmaceuticals, we seek to integrate India's manufacturing strength with Thailand's world-class healthcare delivery. In Real Estate, we are exchanging expertise in smart-city development and luxury wellness. Our Jewelry trade leaders aim to combine Thailand's gemstone artistry with India's diamond hub status to lead the global luxury market. Importantly, our Plastic Masterbatch manufacturers are here to tap into Thailand's petrochemical prowess. As Thailand leads ASEAN's transition toward Electric Vehicles and sustainable packaging, our members provide the essential high-tech additives for this green revolution. This booklet is more than a directory; it is a portfolio of Indian Capability. By leveraging the Eastern Economic Corridor (EEC) and the UPI-PromptPay digital bridge, we are enabling "frictionless" trade that moves at the speed of the digital age. To our hosts at the India-Thai Chamber of Commerce (ITCC) and our partners at the Indian Embassy: we view Thailand as the indispensable launchpad into the 670-million-strong ASEAN market. This visit is the foundation for large Investment deals, where we will move from dialogue to large-scale implementation. I invite you to engage with these profiles and join us in defining the next decade of Asian prosperity. Together, we are building a bridge that goes truly Beyond Borders.

About FII :

Federation of Indian Industry (FII) is a premier business and industry organization. Our vision is to help make a strong economy by bolstering industrial and business outreach globally and creating business opportunities within the Nation. We work in synergy with the Indian Industry and the government through active policy initiatives with Govt. of India, engagement with Industry visionaries on National and International Level and business solutions to Industry.

Our Vision:

Our vision is to help realize the dream of a self reliant India – making of an Atma Nirbhar Bharat.

Our Pillars of Strength:

Our non-profit organization is founded on the vision of Dr. Deepak Jain, President, who is an industrialist with 40+ years of experience. We are strengthened by 62 country chapters across the globe, 22 chapters in India and 25 sectoral committees. We specialize in MSME, Manufacturing & Industrial Sector, Agriculture and Service Sector and also proactively engage in CSR activities thru Sports, Women Empowerment Programs, Public Health and Road Safety initiatives.

Our Outreach:

FII, with its global network of OCIs, NRIs (Non-Resident Indian) and PIOs (People of Indian Origin), is introducing initiatives to strengthen the business and cultural bond between India and its Diaspora. We promote new business opportunities and developments in India amongst the Indian Diaspora across 150 countries of the world through our monthly e-newsletter.

Our Values:

We believe in transparency, commitment, integrity and credibility. Our carefully nurtured team of professionals are dedicated towards achieving holistic success.

Delegates Profile

Dr. Deepak Jain is a veteran industrialist and a leading figure in the Indian industrial landscape, bringing over 40 years of experience to the MSME (Micro, Small, and Medium Enterprises) sector. As the Director General of the Federation of Indian Industry (FII), he has been a driving force behind strategic policy initiatives aimed at creating a more resilient and self-reliant economy. His expertise spans International Trade and Finance, where he has worked to bridge the gap between Indian industries and global markets. A committed visionary, Dr. Jain is widely recognized for his work in MSME restructuring, as well as his advocacy for Youth Employment and Women Empowerment. By championing knowledge-driven and skill-based reforms, he strives to modernize the Indian industrial framework and realize the goal of an AtmaNirbhar Bharat (Self-Reliant India).
