

FII SKILL VIKAS MISSION

SHAPING SKILLS.
BUILDING FUTURES.

An Initiative by
Federation of Indian Industry

About Us.

Federation of Indian Industry (FII) is a leading and fast-growing chamber of commerce in India, serving as a vital link between Industry and Government. FII is actively engaged across key sectors including MSMEs, Agriculture, Services, and the Indian Diaspora. We provide policy inputs and advisory support to industries and State Governments in areas such as industrial development, investment promotion, and Ease of Doing Business reforms.

Federation of Indian Industry (FII) is a leading and fast-growing chamber of commerce in India, serving as a vital link between Industry and Government. FII is actively engaged across key sectors including MSMEs, Agriculture, Services, and the Indian Diaspora. We provide policy inputs and advisory support to industries and State Governments in areas such as industrial development, investment promotion, and Ease of Doing Business reforms.

FII also works closely with the Indian Diaspora to strengthen India's economic engagement with the global diaspora, facilitating cross-border trade, investment, and collaborative opportunities.

FII also publishes a monthly newsletter titled "Bharat News by FII", showcasing positive developments and success stories of India across 145 countries. Our regular initiatives, including weekly "Talk with an Expert" sessions and daily digital business information bulletins, provide valuable insights and growth opportunities for our members.

PRESIDENT'S *Message*

It is with immense pride and a shared sense of purpose that I present the profile of the FII Kaushal Vikas Mission. We at the Federation of Indian Industry have always held the belief that India's human capital is its greatest asset. However, the bridge of skill development must be constructed precisely and quickly if this demographic dividend is to become a global economic force.

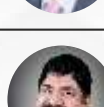

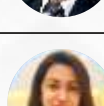

Our goal is more than just to train people; we want to empower them as well. We want to make today's young people into professionals who are ready for the job market and have the technical skills and soft skills they need to succeed in a world where competition is fierce. To ensure that our trainees are prepared for the particular requirements of the workforce of the 21st century, our strategic focus extends across high-growth sectors that constitute the foundation of the modern economy.

In addition, we are aware that the "Make in India" initiative is heavily dependent on the engineering and automotive industries' technical foundation. Our programs in hospitality and housekeeping both place an emphasis on operational excellence and the high service standards required to maintain India's reputation as a world-class hospitality destination. We are committed to training compassionate and skilled persons able to provide essential clinical support in the vital field of healthcare.

We ensure that our workforce is capable of driving innovation and manufacturing efficiency by providing rigorous, hands-on training in these fields.

The FII Kaushal Vikas Mission maintains its commitment to quality, inclusion, and direct placement in industry, establishing a seamless pipeline between certified talent and our extensive industrial partner network. As we continue to build a skilled, self-reliant, and prosperous India, we invite you to join us in this movement.

SKILL DEVELOPMENT TEAM

INTEGRATING GOVERNMENT OF INDIA SKILLING INITIATIVES INTO FII STRATEGIC ALIGNMENT BLUEPRINT

*"Our programs are strategically architected to complement the **Skill India Programme**, driving human capital development towards the **Viksit Bharat** vision. By embedding modern **PMKVY 4.0** Future Skills and complying with the **NSQF** framework, we offer an industry-ready workforce aligned seamlessly with the **National Apprenticeship Promotion Scheme (PM-NAPS)** guidelines."*

CORE FLAGSHIP PROGRAMS (THE PILLARS)

SCHEME / INITIATIVE	STRATEGIC VALUE & FOCUS
Skill India Programme (SIP)	The core umbrella term approved by the Union Cabinet. Reference this to provide instant macro-level policy compliance and national relevance.
PMKVY 4.0	India's largest certification metric. Focuses heavily on industry-driven short-term training, up-skilling, and New Age courses (AI, IoT, Robotics, Drones, 3D Printing).
PM-NAPS (Apprenticeship)	National Apprenticeship Promotion Scheme. Ideal for models involving industry placement or "earn-while-you-learn" modules, proving direct workplace onboarding.

INFRASTRUCTURE & MODERNIZATION HUBS

SCHEME / INITIATIVE	STRATEGIC VALUE & FOCUS
PM-SETU	Focuses on modernizing training infrastructure, transforming industrial institutes, and upgrading tech sectors including AVGC (Animation, Visual Effects, Gaming, Comics).
PMKK Centers	Pradhan Mantri Kaushal Kendra represents state-of-the-art visible benchmark models. Demonstrates operational standard emulation and geographical scalability.

INSTITUTIONAL TRUST & QUALITY FRAMEWORKS

NSQF & NCVET Alignment

The standard regulatory trust stamp. Explicitly state:
"Curriculum aligned with National Skill Qualification Framework (NSQF) levels and certified by NCVET."

PM Vishwakarma Scheme

Targets grassroots craftsmanship, traditional skills, and micro-entrepreneurship (artisans, weavers, smiths).
Highlights localized economic impact.

SECTORS COVERED

AUTOMOTIVE SECTOR

- Automotive Service Technician
- Two Wheeler Service Technician
- Four Wheeler Service Technician
- EV Service Technician
- Automotive Electrician

ENGINEERING SECTOR

- CNC Operator
- Welding Technician
